## *Linux for Activists 2004*

A weekend for campaigners involved in environmental / animal rights / social justice / peace / anti-capitalist / cultural creativity

**. . . a chance to . . .**

- learn about **Linux** and **Free Software**
- **install, run, secure** a GNU/Linux system
- **share** experiences and enthusiasm with other **activists** and hackers.

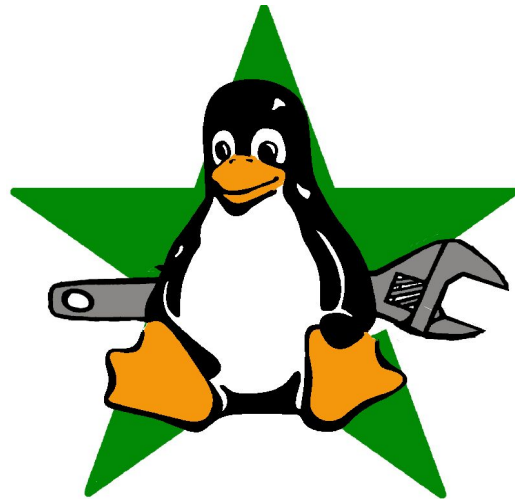

Whatever the level of ability, confidence or experience with computers all who are interested in moving to *Free software for a Free Society* are welcome.

**Sheffield**

10<sup>th</sup>-12<sup>th</sup> Sept.  
2004
