Indefensible

DSEi 2003 - actions, protests and blockades against the Defence Systems and Equipment international arms fair which took place in London Docklands last September. While multinational arms dealers were selling killing machines to regimes with atrocious human rights records, a colourful resistance mobilised...

Crowd Bites Wolf

The World Bank and IMF scuttle off to Prague, but an international army of insurrection is waiting. Caught in the middle one man finds his anticipated fortnight on the lash shelved by a chance encounter.
